Subject: NFB Site Demobe

Hi Guys:

I just met with Mosher. We have to demobe the NFB Site completely. It's not the best answer but it is an answer. We will be working on Public Affairs portion down the road. For now, I need an up to date on our funding situation. Please revise the 1900-55 to reflect reality. For planning purposes, let's keep the July 30th travel date that I had on the existing schedule. Please revise the demob cost if necessary. Kevin, I believe you had a week? Everything in the back warehouse will have to go and what we have in storage for GNBC and bowling alley will have to go into the warehouse. The one thing I need to figure out is what we are doing with the HPGe. I am hoping to transport it to Edison. I have to look into that.

Thanks
